

THE LIMIT REACHED.

Wheeling Railway Company Refuses to Advance its Offer

IN ENCOURAGEMENT OF BALL CLUB.

White Talks of Deserting Wheeling for Denison or Kenton.

THAT WOULD BE A FOOLISH MOVE

Which the Ball Club People Cannot be Seriously Contemplating—The State Fair Grounds are Available and Should be Secured—Columbia's Great Victories Over Wheeling Last Night—The Brownies May Go to Boston—Late News from the World of Sport and Athletics.

To-day will probably see the settlement of the vexed grounds question with which Messrs. Buckenberger and White, of the Wheeling base ball club, have been wrestling for several weeks. The club has been desirous of securing the Schmulbach site at the north end of the Island, and everything would have been settled ere this but for the hitch between the Wheeling Railway Company and the club people. The railway people offered to give the club a certain sum per month during the playing season. As the season lasts only four months that would amount to under \$200, making the financial encouragement on the part of the railway people very small, and not at all compared with what street railway companies in other places have done in encouragement of the national game. The club has all along insisted that as the railway will be about the only gainer by the club being near it, it should act in a liberal spirit. A liberal spirit, they say, would enable the company to equip the ball park.

General Manager Wright was seen last night and said that the offer already made is final and cannot be increased. It will be known to-day whether the club will decide to abandon the local field, as it has been intimated they would do in case a satisfactory arrangement could not be made with the railway company.

To-day Messrs. Buckenberger and White, of the ball club, will be in the city to close the deal for grounds, if a proposition is made that they consider satisfactory. Yesterday Manager Will White took a gloomy view of the situation and intimated that unless more liberality is shown by the local people the club may take the franchise away from Wheeling to Denison or Kenton. These towns, compared with Wheeling, are insignificant and the transfer of the franchise to either would be a lasting disgrace and an unfavorable commentary on the enterprise of Wheeling.

The INTELLIGENCER insists that Buckenberger and White will be making a fatal mistake if they decide to desert Wheeling, even though the railway people do not give the amount of financial encouragement desired. There are other sites, outside of that at the upper end of the Island, that possess about as many advantages.

Take, for instance, the State Fair grounds. The association is anxious to make an arrangement with the base ball club whereby the games will be played there, and it is a question whether the grounds at the upper end of the Island possess as many advantages. All that the ball club asks of the railway company is that it equip the park. If the State Fair grounds are chosen the park is found already equipped with what is undoubtedly the finest grand stand on the Interstate circuit and one that will compare favorably with some found on National league diamonds.

If the railway company is not prepared to go farther than its original proposition, why should not the State Fair grounds be selected? They are just as convenient or more so to Wheeling people, and the cranks of the over-the-river towns have found them easy enough to reach in the past. A Wheeling man stands ready to-day to put in a steamboat that can carry over from the city at least 500 each trip, landing at the river entrance. It has been a question with many cranks whether the State Fair grounds are not the best location anyway.

Manager White announces that he has agreed on terms with two more players, a second baseman who has seen service in the Western league, and another outfielder, whose batting average last season was above the 300-mark. This makes eight players with whom White has come to terms, and their names will be made public as soon as the league is taken under the national agreement wing.

THEY WERE HARD TO LOSE.

Columbia Wins the Two Most Exciting Games of the Season.

Club	Won	Lost	Per cent	Score

The Brownies	8	3	72.7	91

Wheeling	3	9	25.0	83
President	2	11	15.2	88
Pan and Pencil	2	10	16.7	87

THE two most exciting and hair-raising games of the season were last night on the Seibert alloys by Columbia from the Wheeling team. Columbia won in both on the finest of up-hill work, each time taking the victory just at the moment when Wheeling's players were thinking that they had scored an easy victory.

In the first game Wheeling started in fine style, scoring 112 in the first frame, Columbia doing poor work and getting only 55. There was a lead of 57 pins that would be enough to win an ordinary game. Columbia, however, played well in the ensuing innings and at the fifth had overtaken Wheeling. In the next two innings Columbia increased her lead, but in the ninth Wheeling played great ball and was but four pins behind Columbia. Everything then depended on the final and here it was that Columbia outclassed their rivals, making 105 pins in the frame and defeating Wheeling by a comfortable margin. The feature was the work of Amick who made 167 pins. The score in detail:

Columbia—Seibert 140, Bowdwing 133, Amick 157, J. Weingerher 138, Bishop 120, Blind 157; total 855.
Wheeling—Adams 139, Bloomfield 143,

Hirsch 119, Manning 134, Schmidt 147, Reymann 147; total 820.
Columbia—55 145 239 377 417 542 556 671 730 835
Wheeling—112 285 297 415 431 460 507 630 736 829

In the second game Wheeling was again ahead at the opening, but Columbia was ahead in the third. In the fourth and fifth, however, Wheeling sprang and had a good lead, which was maintained for several frames. In the eighth Wheeling's lead amounted to forty pins, but the ninth, when counted up, showed a radical change, the score was then 802 to 800 in Columbia's favor. In the final frame Columbia made 116 to Wheeling's 84, and Columbia was victorious again. The two games were about the hardest of the season to lose, consequently very enjoyable to win, as the Columbia players can no doubt testify. The features in individual work were the scores of Bishop, Seibert, Hirsch, Schmidt and Reymann. The details:

Columbia—Seibert 169, Bowdwing 142, Amick 121, J. Weingerher 121, Bishop 193, Blind 145; total 916.

Wheeling—Adams 149, Bloomfield 145, Hirsch 160, Manning 92, Schmidt 167, Reymann 174; total 881.

Columbia—57 192 275 355 439 482 578 675 802 916
Wheeling—102 195 279 405 493 569 634 711 804 884

AROUSED THEIR HIRE.

The Brownies Think Nameless Is Not in Their Class.

The Brownies players think the prediction of Captain Carenbauer that his team, Nameless, will win out when the two come together at the end of the season is away off. The Brownies feel confident they will be the up-town champions even if Nameless does win the second series. Said Bernie McLure last night: "The Nameless boys can go to New York if they wish, but the Brownies, being away up in another class, will go to the Hub—Boston—where they are having a tournament as is a tournament, something that out-classes the New York affair. By the way, we have two players on the Brownies team that will bowl any two Nameless players ten frames to nine and beat them out. Why, Nameless is not in our class, and if they hadn't had the greatest run of luck they would now be where they belong—in the second division."

If this keeps up it will be "Swords or pistols, gentlemen?"

THE FAIRMONT SHOOT.

The Feature Will Be the Team Shoot Between Wheeling and Fairmont.

The most interesting shoot ever conducted by the Fairmont Gun and Rod Club is to take place on Thursday of this week. The feature will be the sixth event on the programme, the team shoot between the Wheeling and Fairmont clubs, twenty-five birds per man, known traps and unknown angles. The Wheeling team will be made up of the following shots: Wright, Penn, Burt, Lemmons, Dinger and Myers, and if that team doesn't down the Mountain City six there will be waiting and gnashing of teeth galore. The balance of the afternoon's programme is made up of five ten-bird events and four fifteen-bird events. The officials of the club announce that the shoot will be "pulled off" rain or shine.

"Side-Track" in the Grand.

"Side-Track" is a comedy drama that not only pleases the public, but has proven itself worthy of the praise for the manner in which the author has constructed each individual character. Mr. Julie Walters as Horatio Neeves North, an independent representative of the American Congress, is very amusing. The way Mr. Walters illustrates the character is exceedingly funny. The author of the play has been liberally endowed by nature with a fund of mingled humor and pathos, admirably suited to the requirements of the piece. Among all the railroad plays now be-

From early childhood until I was grown my family spent a fortune trying to cure me of this disease. I visited Hot Springs and was treated by the best medical men, but was not benefited. When all things had failed I tried S.S.S. and in four months was entirely cured. The terrible eczema was gone, not a sign of it left. My general health built up, and I have never had any return of the disease. I have often recommended S.S.S. and have never yet known a failure. GED. W. IRWIN, Irwin, Pa. fore the theatrical-loving public "Side-Track" is decidedly the best of them. There is something indescribably "catching" in the play and the chief player. A large crowd enjoyed it at the Grand last night. It will be repeated this evening.

BELLAIRE.

All Sorts of Local News and Gossip from the Glass City.

A drummer from Kansas City had a close call on a trip over the road yesterday. He registered at the Globe hotel as Enoch Chevrount and while one of the chambermaids, Fannie Hensley, was arranging the room adjoining his the stranger entered it and barred the door. Then he took hold of the girl, but she screamed so that she attracted the attention of everybody in the house. She also got a bed sheet and made things warm for the scantily clad drummer and finally got out of the room about the time help arrived. The girl made a charge that would have sent the passionate traveler over the road, but the fellow was penitent and the proprietor of the hotel got the girl to modify the charge to disorderly conduct and the mayor taxed him \$10 and costs. The girl is a young blonde, rather handsome in appearance.

Frank Archer and J. E. Blackburn, of this city, and Hon. J. C. Heinlein and Walter Lewis, of Bridgeport, went to Cincinnati Sunday night to attend the legislative and the league banquets held in the Queen City yesterday and to-day. The Enquirer, in speaking of Archer for state treasurer, says: "Frank Archer, of Bellaire, one of the hustling young Republicans of Belmont county, has a penchant for treasurerships. In 1883 he was elected a township treasurer and served a number of terms. After fooling around as a councilman he was elected county treasurer and served two terms. He will be heard from during the next two days, having been qualified to speak by reason of an apprenticeship as a glass blower."

A number of delegates to the miners' convention at Columbus were in the city yesterday to take the train for that place. Among them were Sherman Glasgow and C. H. Smith, of this city, T. L. Lewis, of Martin's Ferry, Thomas McGough and Ed Davis, of Bridgeport, and Frank Tallett, of St. Clairsville Junction, all delegates. They were all incensed at the published reports of the miners in this section passing resolutions against the present officers and declaring for new ones. They say that not a solitary local union in all this district did anything of the kind.

The entertainment and banquet given by the Knights of Pythias in Odd Fellows hall last night was splendid. The hall was nicely arranged and the tables as temptingly fitted out as at any banquet ever given in a hall here, while the addresses and readings were choice and entertaining. The Pythian Knights know a thing or two about making themselves agreeable to the public, as was fully attested at their banquet hall last night.

Two or three single teams drove across the river on the ice yesterday, but one of the horses went through at one place on one of the trips and when that got noised around the venturesome driving ceased. The horse was not injured and he managed to get out without help.

John, Philip and Patrick J. Kane, of Caldwell, and E. J. Kane, of West Union, W. Va., were called to this city Sunday to attend the funeral of their mother. These men are in the hardware business and were former Bellaire boys.

City Solicitor Armstrong returned yesterday after a week's absence, which was spent in adjoining counties looking up the titles to coal lands for Colonel Mooney and others.

The Schumann Quartette will appear at the First M. E. church on Thursday evening and they will have a good house, as they are popular here.

Here is a Letter, just one out of hundreds that are coming in every day. We publish it for the benefit of the women who read about Pearlina, but who still keep on washing without it, in that needlessly hard and wearing way. We omit name and address, as requested:

"Now I will tell you how I came to use your PEARLINE. We have taken the 'Ladies' Home Journal' for several years. Three and a half years ago, every time I picked up my 'Journal' to read, the first thing I would see was your advertisement and picture of PEARLINE. I got so tired of looking at it, that I said I would get a package and try it. The result was, when the package was gone I bought another package, and so I have done ever since. I never think of going to wash clothes since, without my PEARLINE. I have recommended it to quite a number of people, who are now using it, just from my recommendation. I have just written this to you to let you know how highly I prize it. I don't want my name and address to go before the public." EX
